Proposed Tender for Indoor Tennis Hall lighting Project – replacement of existing lighting on 3 indoor courts with LED lighting.

Proposed Tender for Outdoor Tennis Court Lighting Project – replacement of existing floodlighting on 5 outdoor courts with LED lighting.

Chesterfield Tennis Club Ltd are a large tennis club based in Chesterfield, Derbyshire. We are a successful and thriving club and in 2020 were voted Runner's up in the LTA National Tennis Awards, Club of the Year category. We are constantly seeking to improve our facilities for the benefit of our members and the lighting scheme along with making our lighting more effective and efficient will also help us to reduce our carbon footprint. We therefore seek tenders for one or both of the above projects.

Selection criteria will consider price, specification of equipment, timescale and credibility of the supplier. Further details and planning designs of either/both schemes can be obtained by emailing Sue Perryman at secretary@chesterfieldtennis.org.uk

Deadline for submissions is Mon 7th December 2020
